In the following bit of detective work, it will be shown that the anticipated dawning of the Age of Aquarius has indeed arrived, and - true to the hype - it does mark the dawn of a New Age of Spirituality that will be accompanied by major political, economic and spiritual upheavals. The clue that the Age of Aquarius has arrived is hidden in the old song about its arrival that was sung by the hip 60's rock band called the 5th Dimension. However, this song's lyrics reflects knowledge that can only have been known in occult circles or by sacred astronomers who were familiar with God's time line hidden and preserved in the Mazzaroth. Here are the opening lyrics to that ethereal old song:

When the moon is in the Seventh House
And Jupiter aligns with Mars
Then peace will guide the planets
And love will steer the stars

This is the dawning of the age of Aquarius...

Fascinatingly, the signs in the heavens that are pinpointed in this song occurred early in 2009, and truly do herald the dawning of the Age of Aquarius. But before these signs in the heavens can be explained satisfactorily, the concept of Precession and its relationship to the structure of the Zodiac must be understood. Simply put, the 12 Houses of the Zodiac are 12 constellations that the Sun passes through each day from east to west, and the path that the Sun takes through the sky is called the Ecliptic. However, due to the wobble caused by the Earth's tilted axis, the Sun's position appears to be moving slowly backward through the Zodiac from west to east on the Spring and Fall Equinoxes and on the solstices. For this reason, though the Sun rose due east in the sign of Taurus in 4000 BC on the Spring Equinox, it now rises just within the borders of the constellation of Aquarius on that same day.

Now, it takes the Sun 2,160 years to pass through the 30 degrees demarcation for each sign of the Zodiac along the Ecliptic. This 2,160 year period is known as a Precessional Age, and there are 12 Precessional Ages that mark the retrograde path of the Sun through each Zodiac Sign. When added together, these 12 Ages mark one full 25,920-year Precessional Cycle of time.

Interestingly, the Age of Aquarius was preceded by the Age of Pisces the Fishes, which began around 150 BC. This means that the entire New Testament Church Age has coincided with the Age of Pisces. In my books, I reveal how the sign of Pisces symbolizes the Sign of Jonah that Yahshua came to reveal to mankind. Likewise, the preceding 2,160-year Age of Aries the Ram was marked by the Bible's Sacrificial Age when Tabernacle and Temple sacrifices centered around the offering of a lamb or ram on the altar. Before that, the Patriarchal Age was marked by the Sign of Taurus the Bull, and both Aries and Taurus mark a sacred altar in Heaven that signify Yahshua in His divine role as the Lamb of God and perfect atonement sacrifice for sin. In the Book of 1 Enoch, the antediluvian and Post-Flood patriarchs up to Abraham were represented as bulls or oxen in one of Enoch's prophetic visions, while the leaders of Israel after Jacob and under the Law of Moses were represented by rams and sheep (1 Enoch 89:1-27).

The amazing correlation between the Precessional position of the Sun and the prophetic spiritual Age we are in is important to the understanding of Bible Prophecy. As the antediluvian Sethite patriarch Enoch prophesied, nothing happens by accident in the heavens surrounding our Earth. Every star, meteor, asteroid, planet, moon, sun, nebula, and star cluster has some allegorical and spiritual meaning connected to the Gospel in the Stars that Enoch called the Heavenly Tablets. In the Star Gospel, the entire circle of the Zodiac has a Messianic and spiritual message. Every portion of the Zodiac also reveals certain aspects of mankind's spiritual destiny and Yahshua's ministry to mankind.

Saturn is no exception. As the 7th of the major celestial bodies in our Solar System out from the Sun (1. Mercury, 2. Venus, 3. Moon, 4. Earth, 5. Mars, 6. Jupiter, 7. Saturn), Saturn has a connection to the seventh day of the week, which is called Shabbat or the Sabbath by all professing Jews and Messianics. In fact, in Hebrew, the 7th Planet is called "Shabbatai" after the Sabbath day, when God rested after the six Great Days of Creation Week. However, this seventh day of rest for God was cut short when Satan destroyed and corrupted the perfection of Yahweh's Creation with sin and rebellion against God.

Because the ringed planet Saturn is tied to the Sabbath, it has an undeniable connection to Christ's Millennial Rule during the Seventh Great Day of the Lord. Indeed, the rings of the planet Saturn rightfully represent Yahshua's many Royal Crowns, while the reddish color of the neighboring planet Jupiter signifies Yahshua as the Redeemer who sacrificed himself for us on the Cross. However, since Satan is the thief who stole the rulership of this world from mankind when they fell, Saturn has also been associated with Satan in occult circles.

Nonetheless, God knew this was going to happen and had a plan to reconcile mankind's relationship with Himself. This centered around an allotment of six thousand years for Satan's evil-doing to continue to adversely affect humanity's understanding of and relationship with the one true God. After this, Satan's reign of terror over mankind would be put to an end by a thousand-year Great Day of rest and peace under the benevolent and righteous rulership of Yahshua Ha Mashiach (i.e. Jesus the Messiah).

In my book: *The Language of God in Prophecy*, it is shown that the 7th Great Day of the Lord likely officially began on the Rosh Hashanah of September 11th and 12th in 1999 AD. By Jewish reckoning, this year spanned to the next Rosh Hashanah in September of 2000. Therefore, the year 2000 was officially the first year of the 1,000 year Great Day of the Lord. Since this is the case, the birth pangs that the prophet Micah spoke of, which are to occur before and during the Tribulation, should have already begun (Micah 4:9-13: 1 Thess. 5:2-3). Indeed, we can now see the evidence of this with the world economic collapse and the global push for the setting up of the one-world government and religious system that's been dubbed the New World Order but that Christians know is the Antichrist's kingdom.

Besides the earthly signs, there have been many celestial signs that the Great Tribulation followed by Yahshua's Second Coming is very near. One of the first indicators that Yahshua's return is imminent can be found in the Mayan Calendar's end date for this world cycle. According to their calendar, the judgment and destruction of this world's demonically-controlled political, communication, and economic systems will begin full-throttle on December 21st, 2012, which will be a few months into the 13th Jewish year of the 7th Great Day of the Lord since Adam and Eve's fall from Grace.

This 7th Great Day that began on Rosh Hashanah signals the imminence of the coming of the Tribulation, Armageddon, and the Millennial Rule of Christ. In fact, just as there are ten days between Rosh Hashanah and Yom Kippur or the Day of Atonement, there are to be ten years between the first Rosh Hashanah of this 7th Great Day in 1999 and the Rosh Hashanah occurring in 2010, which may mark the beginning of the 7-year Tribulation period. Then, two years into the Tribulation, amazing signs in the heavens will appear on December 21st, 2012 that are meant to announce the release of the Four Horsemen of the Apocalypse to begin their dreaded rides over the Earth.

To learn more about the astounding heavenly signs that will announce the release of the Four Horsemen on the Winter Solstice of 2012, see the 42-page PDF excerpt from my book "*The Language of God in Prophecy*" that discusses the Signs in the Heavens from the mid-1990's through to 2018, which I believe will be the first year of Christ's reign over all mankind in His Millennial Kingdom on Earth. This can be found on the "Free Articles" page of my Pillar of Enoch Ministry web site at <http://pillar-of-enoch.com> or by following this direct link to it online: http://pillar-of-enoch.com/language_series/prophecy/Heavenly-EndTime-Signs_LOG4-Ch11-Excerpt.pdf

So that the events of the Tribulation can occur as ordained before the Kingdom of God on Earth is set up, God has allowed Satan to be "the prince of the power of the air" that rules the world of electronic and digital mass communication via satellite, television, radio and air travel (Ephesians 2:1-3). Thank our Father God that in the near future, Satan will be permanently dethroned and Yahshua will take His rightful place as the Ruler of the Earth and co-ruler of the Universe with our Father Yahweh! But in the meantime, through a

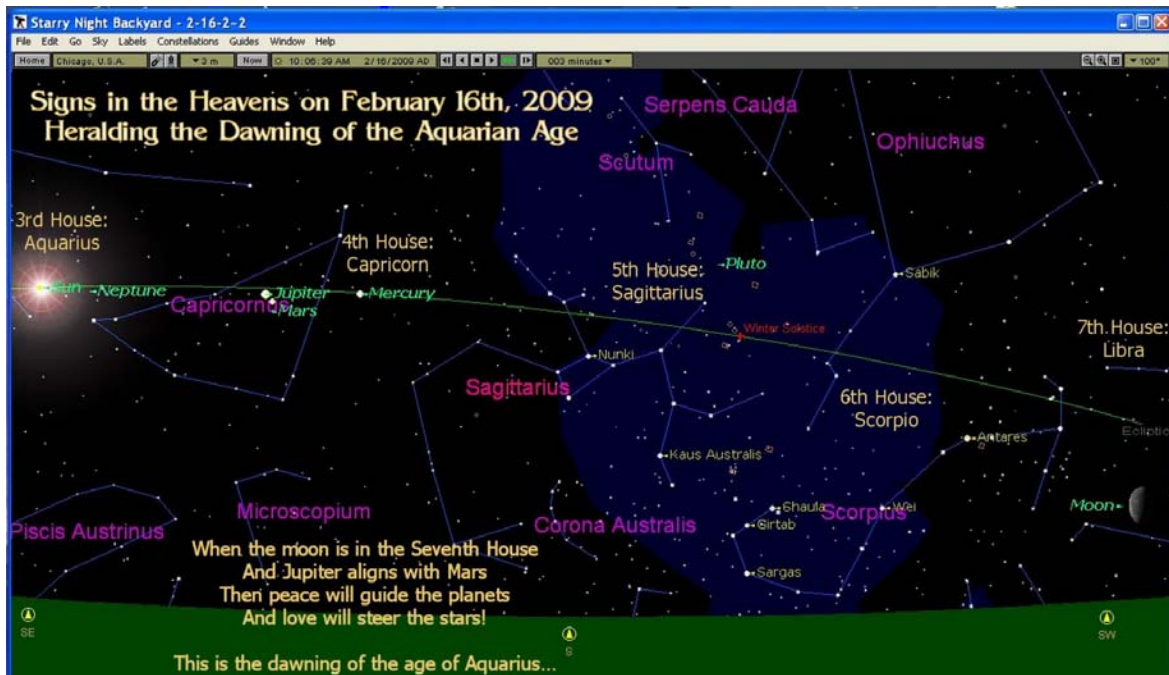

massive electrical storm on the planet Saturn, God is letting the world know that the Age of Aquarius is indeed dawning and Satan is presently in control of the electronic airwaves and satellite communications so that his short reign over the whole Earth via the Antichrist's religious and political system can take place.

In fact, ever since January 2009, Saturn has been the home to an ongoing massive electrical storm that shows no signs of slowing down any time soon. Due to the spiritual meaning of Saturn as Yahshua's Crown being temporarily in the hands of Satan, the electrical storm on this planet is likely a sign that Satan is doing all he can to destroy mankind before Yahshua arrives to wrestle His crown out of Satan's clutches forever. In keeping with Satan's malevolent purpose for it, even all of the modern military equipment being manufactured in the United States and elsewhere today is heavily dependent on sophisticated digital electronic equipment for its use on the battlefield.

According to the Language of God, then, this electrical storm on Saturn is a physical indication that the spiritual battle between Yahshua and Satan is now reaching epic proportions and the end of the Age that Yahshua warned His disciples about is imminent (Matthew 24:3-30). In support of this, there have been quite a few signs in the heavens over the past few years that indicate that the End Times have arrived. One of these was the startling appearance of three comets in the constellation Perseus the Breaker between 1996 and 2006. These were Comet Hyakutake in 1996, Comet Hale-Bopp in 1997, and Comet Holmes in 2006. Intriguingly, in addition to signifying Yahshua as the breaker of Satan's control of the world, Perseus symbolizes David slaying Goliath and chopping off his head and - per the Book of Jasher - Esau's slaying of Cush's son Nimrod, the world's first Post-Flood dictator and a type of Antichrist (Jasher 27:2-12).

In addition to the prophetic import of the comets in Perseus, there were full Lunar Eclipses in the sign of Pisces with the Moon in conjunction with the planet Saturn on the first day of the Feast of Tabernacles on September 27th in 1996 and on September 17th in 1997. Fascinatingly, the two fish of Pisces signify the Two Houses of Israel - with one house consisting of Messianic Jews, and the other of Gentile believers, and the Feast of Sukkot or Tabernacles signifies the ingathering of both houses into one body during the Millennial Rule of Christ. Since 1997, the number of Messianic Jews worldwide has skyrocketed, and this is a sign from Yahweh that the joining of the Two Houses of Israel into one will soon be fully accomplished!

Besides these past events, there are two significant Solar Eclipses falling on the 1st of Av on the Jewish Calendar in both 2009 and 2010. These Solar Eclipses in Cancer the Crab on July 22nd in 2009 and in Gemini the Twins on July 11th in 2010 likely mark the final year before the seven-year Tribulation period begins. The 1st of Av marks the beginning of a period of mourning for Jews that reaches its climax on the 9th of Av - the ominous day when both the First and the Second Temple to Yahweh in Jerusalem were destroyed. It therefore seems likely that the time between these 1st of Av eclipses is meant as a warning to the Jews that "the time of Jacob's trouble" that is to come before Yahshua's reign over the Earth is imminent (Jeremiah 30:4-9).

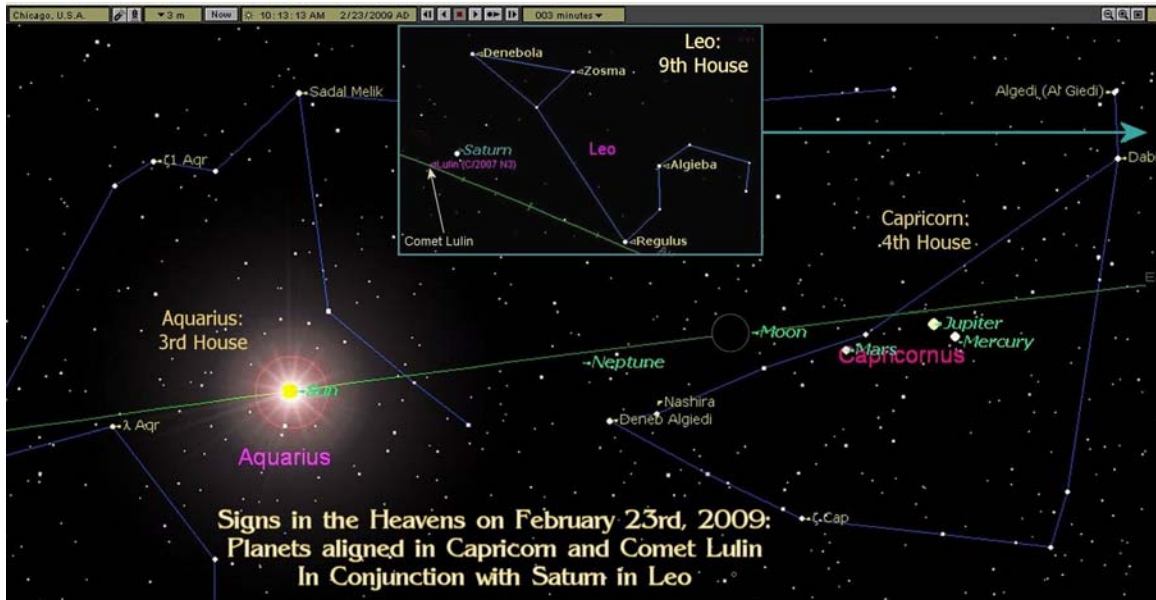

All these celestial events have led up to the signs that appeared in the heavens on February 16th, 2009. On that day, the first heavenly sign could be seen in the position of the Sun, which was in the constellation of Aquarius the Water-Bearer. As a part of the Gospel in the Stars, Aquarius represents each disciple of Christ's death in baptism and their receipt of the Holy Spirit as well as the divinely sent destruction of the Earth by water and Noah's deliverance during the Great Flood. However, as my earlier article "As It Was in The Days of Noah" showed, it now signifies that mankind has finally arrived at a time in history much like it was in the days of Noah just before the Flood.

Later on the night of February 16th, the heavenly signs that were identified in the song "Aquarius" appeared after the sign of Aquarius set below the western horizon. At that time, the neighboring sign of Capricorn was just above the western horizon and Jupiter was in conjunction with Mars there. In addition, the Moon was in the sign of Libra the Scales, and Libra is the Seventh Sign or Seventh House of the Sun from Aries, which is considered the First House of the Sun today (though it was likely Virgo in ancient times). These are the exact same signs that the 5th Dimension's song lyrics mentioned as a symbol that the dawning of the Age of Aquarius has arrived!

As if to confirm that what was seen in the heavens on February 16th was indeed a warning of the beginning of a new Age, another major sign appeared in the heavens on February 23rd, 2009. At that time, the eerie green double-tailed comet named Lulin after the Chinese observatory in Taiwan that discovered it appeared in conjunction with the planet Saturn in the Sign of Leo the Lion along with a spectacular line up of other planets in the sign of Capricorn the Goat-fish.

Here is a composite graphic showing Saturn and Lulin in conjunction in Leo and the line up of Neptune, the Moon, Mars, Jupiter and Mercury in Capricorn on February 23rd, 2009:

Intriguingly, as shown in my book "The Language of God in History," Sethite astronomers allegorically associated the sign of Leo with China in the End Times, and Capricorn with the non-coastal Western and Midwestern states of the United States and most of Mexico, while the sign of Aquarius governs the eastern half of the United States, Central America, and western South America. Now, Capricorn is the sign that represents the salvation of Noah and the destruction of the Nephilim during the Great Flood, and Neptune (as a planet that is not visible to the naked eye) is a planet that signifies Noah, who was likely a hermit who did God's will in secret and thereby received the epithet "the far distant" in ancient times.

In its Sethite association with the United States, Capricorn may also signify the conservative Tea Party movement that is resisting the schemes of the Devil to take over the United States and the world before Christ's return. In addition, the dark-faced New Moon is a symbol of Satan's malevolent darkness and destructive force, but its power is negated by the bright light of Saturn and Jupiter, which signify the greatness of Yahshua as the Kings of Kings and our Kinsmen Redeemer or Savior. In addition, Mars represents the efficacy of Yahshua's shed blood for the healing and restoration of all the saints, but in this case it also likely signifies the blood of the Christian martyrs around the world today that are constantly being hunted down and killed by wicked non-believers for practicing their faith openly and refusing to deny Christ.

So what does it mean to mankind now that the Age of Aquarius has evidently arrived? Well, the old song "Aquarius" tells us what it signifies to occult and New Age practitioners, who are expecting a coming Age of unprecedented global co-operation, love and understanding. As the lyrics state:

Harmony and understanding
Sympathy and trust abounding
No more falsehoods or derisions
Golden living dreams of visions
Mystic crystal revelation
And the mind's true liberation

This is the dawning of the age of Aquarius!
The age of Aquarius!
Aquarius! Aquarius!

However, according to Bible prophecy, a time of spiritual darkness and global religious deception is supposed to occur before any true and lasting global peace, love and co-operation can be ushered in by the return of Yahshua and His army of saints from Heaven (See 2 Thessalonians 2:2-12). This is because the world is expecting a human savior (i.e. "the man of sin" and "the lawless one" of 2 Thessalonians 2), but no human government or agency will be able to secure the peace on Earth that most of the unsaved people of the West and East are so desperately seeking.

In fact, the Bible warns that only a supernaturally established empire with the resurrected Yahshua Ha Mashiach reigning as the Kings of kings over all mankind will be able to succeed in providing mankind with a lasting and benevolent government of peace (See Revelation 19:11-21), and therein lies the problem. If the majority of biblically unschooled and thereby spiritually dead people are expecting the current and coming economic, religious and political upheavals to lead to a time when mankind can unite on all fronts and achieve global peace and prosperity, they will most certainly work to assure its successful implementation - no matter what it takes.
