

## Four Comets, Chanukah 2013, And The Sign of the Son of Man

By Helena Lehman of the  
Pillar of Enoch Ministry (POEM)  
<http://pillar-of-enoah.com>

**IMPORTANT FIVE COMET NEWS FLASH:** When I was finishing up my revision of my “Four Comets, Chanukah 2013, And The Sign of the Son of Man” article on October 30th, 2013, I noticed that there is actually a fifth Comet visible in the sky right now as well, but not in the general vicinity of the other four. This is Comet Brewington (152P), and though it’s a very dim comet with a maximum apparent magnitude of only 9 at its brightest, it’s still remarkable in that it bumps our comet count for November 2013 up to 5 visible comets, and that moves this sign from UNPRECEDENTED with 4 comets visible into the realm of the IMPOSSIBLE! It’s also interesting to note that Comet Brewington will be moving through Aquarius the Water-Bearer (God’s Mercy and Judgment, and the Holy Spirit) in November, and Pegasus, the White Horse for the King of kings in December! As such, it’s another CLEAR SIGN that Yahshua is coming very soon on His White Horse (Pegasus) to retrieve His Spirit-Filled Bride (Aquarius!). Just keep that in mind as you read the revised article below, and Maranatha!

In this article, my aim is to show how Comet ISON (C/2012 S1), which was discovered in September of 2012, Comet Lovejoy (C/2013 R1), which was discovered in September 2013 and two other comets that are now coming into view may figure into the End Time heavenly signs that Yahshua told us to watch for ([Luke 21:25](#)).

Comet ISON is still on track to be the Comet of the Century as far as heavenly showmanship. In addition, a previously discovered periodic comet called 2P/Encke will be faintly visible in Earth’s skies at the same time as Comets ISON and Lovejoy. In addition, these three comets have been joined by a fourth named Comet LINEAR C2012 X1, which was discovered in December of 2012.

On October 21st, 2013, Comet LINEAR showed an outburst in brightness in the constellation Coma (or Coma Berenices), the Desired Son, which is symbolically connected to Yahshua’s First Coming! In fact Coma was anciently depicted as an enthroned woman with a little boy in her lap. Furthermore, the identity of that little boy is clearly tied to Christ in that Coma is a decan of Virgo, which depicts the virgin mother of Yahshua, as well as the congregation of believers who love and follow Him.

Before I continue, I want to stress here that having four comets in view simultaneously is a positively UNPRECEDENTED event. In fact, having two prominent comets visible in the same region of the sky is a relatively rare event, and having three comets appear at once is extremely rare. But there has NEVER been an incidence of four comets being visible in the sky at the same time ever in recorded history! As a result, I can confidently say that these four comets are a sure Sign that Yahshua

is coming soon, and the Great Tribulation is about to begin, just as the Blood Moon Tetrad of 2014 through 2015 are heralding!

Now let me tell you a bit about the comets that are going to be visible this Chanukah, and throughout the Christmas Season. Comet Encke was the second periodic comet discovered after Halley's Comet, and it has been linked to destructive events on the Earth. In fact, it has been postulated that the exploding object that was behind the highly destructive Tunguska Event of 1908 may have been a piece of Comet Encke. This is no surprise, since Encke was the Lord of the Earth to the Babylonians. This position belongs to Christ alone, however, so Encke symbolizes Christ's authority being usurped by Satan in the world today. But the good news is that Comet ISON's appearance suggests that Christ's coming to catch away His saints, mete out God's Wrath and regain His full authority over all the Earth is imminent!

In addition, the Earth will pass through the debris field of Comet ISON's tail around January 12th through 15th, 2014. During these three days, the Earth will likely be bombarded by many large and small size meteoroids. Ominously, because Comet ISON is so large, these meteors may not only light up the entire sky surrounding the Earth, but rain fiery havoc on the surface of our planet when some of these burning balls of debris survive their trip through our atmosphere. Since the Earth will pass through Comet ISON's debris field, it suggests a connection to the amazing [Prophetic Dream I had in the Summer of 2011](#). Click on the embedded link to read my dream. It also suggests a connection to the stars falling from heaven that are associated with the [Sixth Seal Judgment](#) - when the Wrath of God begins to be poured out from Heaven.

Interestingly, both of the new comets ISON and Lovejoy were discovered in the month of September. This is the month most often associated with the Feast of Tabernacles or Sukkot. September is also the time marking the final harvesting of crops in Israel and many other countries. As such, September and Sukkot are allusions to God's End Time Harvest of Souls that Yahshua described in [the Parable of the Wheat and the Tares](#). Click the link in this paragraph to read my interpretation of the parable. Though this parable has many deeper meanings, Yahshua gave its most basic interpretation as follows:

"The field is the world, the good seeds are the sons of the kingdom, but the tares are the sons of the wicked one. The enemy who sowed them is the devil, the harvest is the end of the age, and the reapers are the angels." - Matthew 13:38-40

Fascinatingly, this interpretation of the parable connects it directly to [Matthew, Chapter 24](#)'s description of Yahshua gathering of His elect from one end of heaven to the other after the Sign of the Son of Man appears in heaven. As such, these comets may be heralds for the coming of the Two Witnesses, and they may also have something to do with the Sign of the Son of Man:

"Immediately after the tribulation of those days, the sun will be darkened, and the moon will not give its light; the stars will fall from heaven, and the powers of the heavens will be shaken. 30 Then the sign of the Son of Man will appear in heaven, and then all the tribes of the earth will mourn, and they will see the Son of Man coming on the clouds of heaven with power and great glory. 31 And He will send His angels with a great sound of a trumpet, and they will gather together His elect from the four winds, from one end of heaven to the other." - Matthew 24:29-31

The term “sign” refers to the constellations and celestial bodies in the heavens ([Genesis 1:14](#)), and the term “Son of Man” refers to Yahshua’s humanity ([Matthew 11:18-19](#)). So, we need to look at the moment in time when Yahshua became a man to find the signs of His coming. This was when He was conceived in Miriam’s womb, and when He was born. Since my research has shown that Yahshua was born around Yom Kippur or Sukkot in 3 BC when the Sun was in Virgo, He would have been conceived right around the time of Chanukah in 4 BC, when the Sun was in Sagittarius. In modern times, Sukkot is still often when the Sun is in Virgo, but Chanukah most often falls when the Sun is in Scorpio, which is dominated by the constellation Ophiuchus.

Scripture clearly states that the Sign of the Son of Man will appear in the heavens. From my knowledge of Sacred Astronomy, it would make sense for God to tie this sign to the constellations that refer to Yahshua’s conception and birth, and possibly also to His passion, death and resurrection. Intriguingly, the Comet ISON (C/2012 S1) is making an appearance in the constellations of Virgo and Ophiuchus, which directly relate to Yahshua’s beginning or birth in Bethlehem, and His temporary end or crucifixion at Golgotha.

In addition, Comet Lovejoy (C/2013 R1) was first spotted in line with the stars of Orion’s Belt on September 9th, 2013, and Orion is a powerful Messianic Sign relating to the terror and triumph of Yahshua’s crucifixion. Likewise, Comet LINEAR (C/2012 X1) just brightened considerably in the constellation Coma, which depicts the Virgin Miriam with her son Yahshua in her lap! Fascinatingly, Comets ISON, Encke, Lovejoy and LINEAR will be making an appearance together in the same regions of the sky from October 2013 through January 2014, and together, they tell an amazing spiritual story.

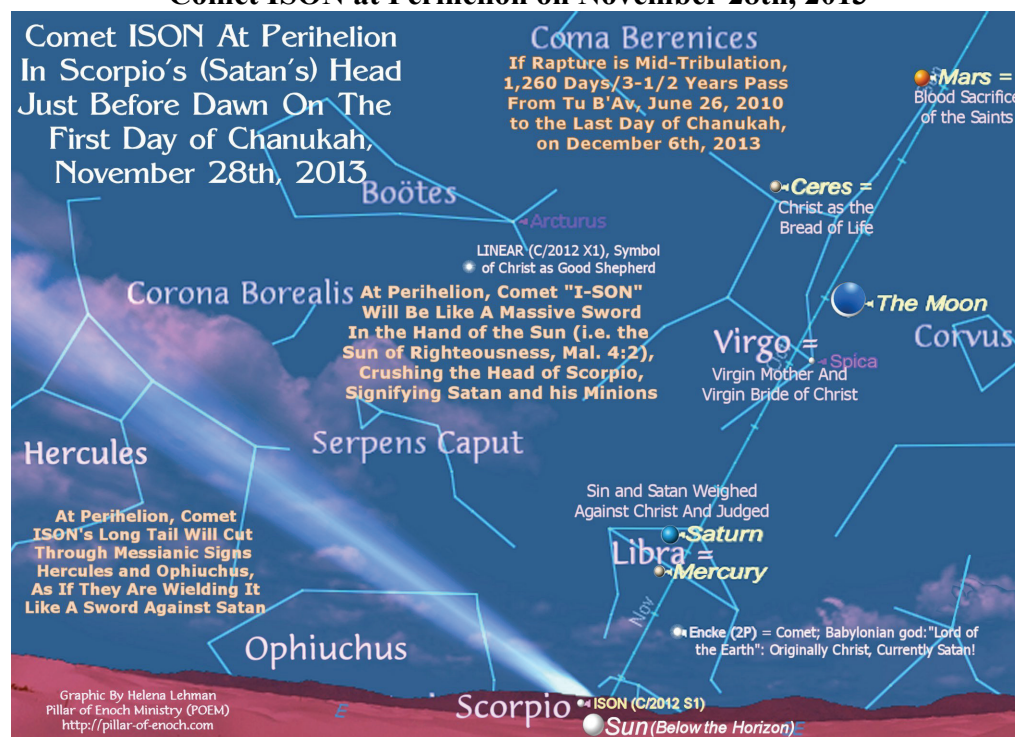

So now that we have determined that the Sign of the Son of Man is a heavenly sign that ought to be connected to Virgo and/or Ophiuchus or Orion in some way, and we have identified that three of the four comets that are appearing over the 2013 Holiday Season may be directly related to this sign (ISON, Lovejoy and LINEAR), we need to determine **when** this Sign will appear. As to when, I have found proof that the reference to the gathering of the elect at the time of the Sign of the Son of Man is not a reference to Christ’s return to fight the Battle of Armageddon, which will come later. Instead, it is referring to Yahshua’s coming for His Elect Bride and her Five Wise handmaidens before the Great Tribulation begins.

My reason for believing this has to do with a study comparing the terrible plagues and condition of the world revealed in the Book of Revelation with the end time plagues and living conditions mentioned in [Matthew, Chapter 24](#). This study led me to understand that there is no possibility that anyone but the nation of Israel, which God will protect, and the elite hidden away in their bunkers, will be engaging in commerce, marrying, eating, preparing food, or tending fields in a leisurely fashion after the Sixth Seal is opened during the Great Tribulation.

In contrast, Matthew 24:36-42 clearly says that people will calmly be engaging in these tasks when the Sign of the Son of Man appears in Heaven! This means that the coming of Christ for His elect spoken of Matthew, Chapter 24 is not a Post-Tribulation event, but is prior to the pouring out of God’s Wrath from Heaven beginning with the Sixth Seal Judgment. To see my complete study on this topic, please read the article: “[Why the Post Tribulation View of the Rapture Doesn’t Make Sense](#)” by clicking on the embedded link in this sentence.

Preliminary scientific findings show that Comet ISON is a massive comet that is likely to survive its trip around the Sun, and it will be making an impressive show in the heavens with a very long and bright coma and tail in the late autumn of 2013 and early winter of 2013 and 2014. In fact, it is already being compared to the Great Comet of 1680, with which the Comet ISON shares a similar trajectory. Though there is a great deal of uncertainty connected to the survival of any sun grazing comet, Comet ISON could be a once in a lifetime event, which is why the media is lauding it as the Comet of the Century.

### Comet ISON at Perihelion on November 28th, 2013

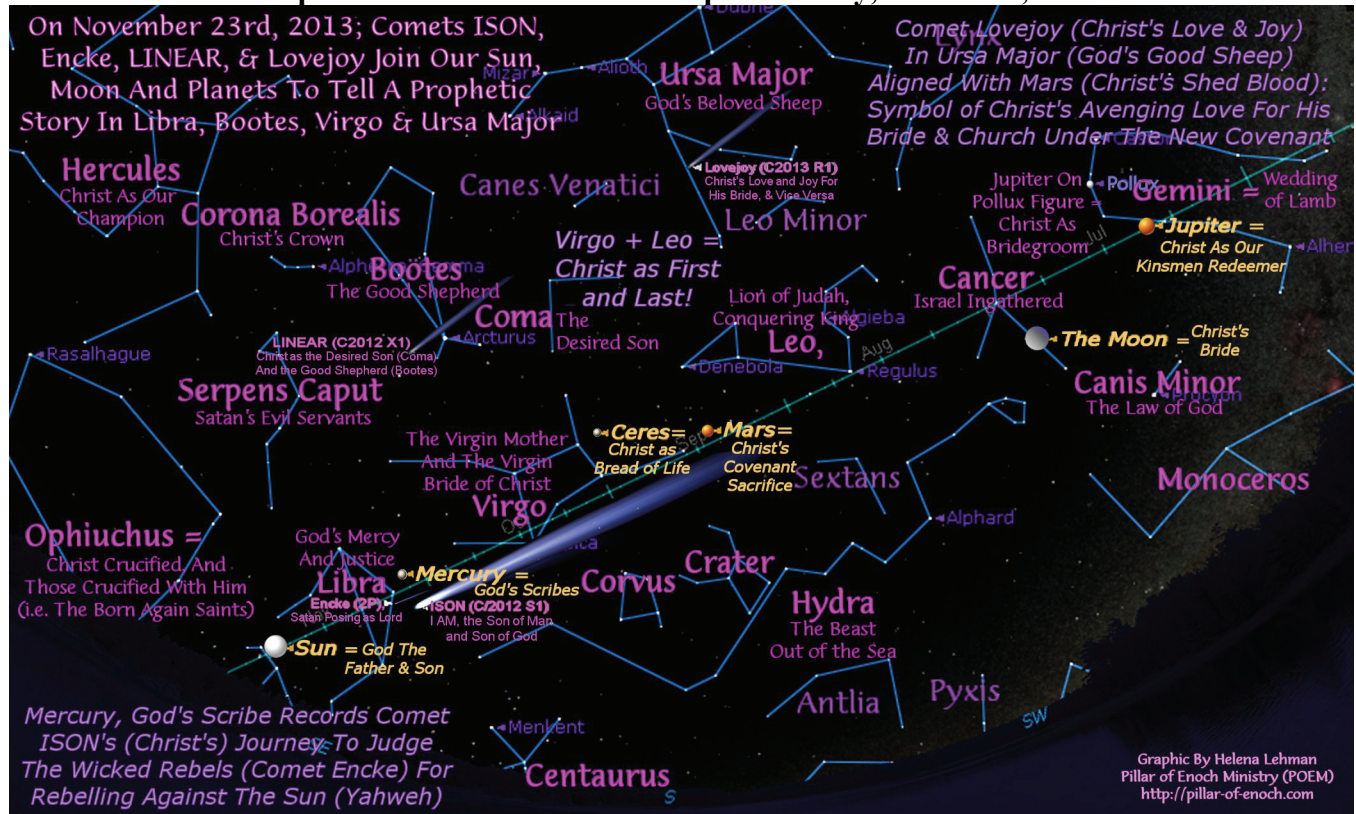

Above is an illustration of Comet ISON at Perihelion, which I created for my Tribulation Timeline. This timeline can be downloaded for free from my POEM web site at <http://pillar-of-enoach.com/essays/trib-timeline.html>. This graphic shows Comet ISON and Encke's possible meaning as ISON reaches Perihelion on November 28th, 2013, which is the first of the eight days of Chanukah. This Feast of Israel marks the time of the rededication of the Temple to Yahweh in Jerusalem in ancient times, and it is lauded as "the Festival of Light" because of the miracle of the Temple Menorah that reportedly burned for eight days on one day's worth of oil. As such, Chanukah has an allegorical connection to the Foolish Virgins, who did not have enough oil (i.e. the Holy Spirit) in their lamps, and are left behind when Yahshua comes for His Bride in the Rapture.

Interestingly, on November 23rd, 2013, just before Comet ISON reaches Perihelion, the Sun will be crowning the head of Scorpio the Scorpion signifying Satan, Comet Encke will be in neighboring Libra the Scales of God's Justice, Comet ISON will be crowning Libra, Comet Linear will be in the constellation Boötes, which signifies Yahshua as the Good Shepherd and as a Reaper of Choice Wheat (i.e. believers), and Comet Lovejoy will be in Ursa Major the Big Sheep Pen full of God's Good Sheep!

The graphic depicting this moment in time, and its possible prophetic meaning appears on the next page. As this graphic shows, the Sun will be entering Scorpio at the end of November. Though the Sun will move into the far more benevolent portion of Scorpio dominated by the constellation Ophiuchus in mid December, its time spent in Scorpio's head will be highlighted by Comet ISON and the Feast of Chanukah. This is surely no accident, but is very likely meant to be a message from Yahweh God for His People Israel that have learned to read the heavenly signs as a herald of His coming.

**Graphic: Four Comets Tell A Prophetic Story, Nov. 23rd, 2013**

Intriguingly, Chanukah commemorates Yahshua's conception in the Virgin Miriam's womb in 4 BC, and the appearance of the Star of Bethlehem when the Wise Men found Yahshua near to the time of Chanukah in 2 BC - over a year **after** Yahshua was born in September of 3 BC. Since Comet ISON will be making a spectacular show in Scorpio this Chanukah, it seems that it may be like another Star of Bethlehem. Only this time, it may be heralding another stunning blow to Satan's head when Yahshua comes for His Bride, with Comet ISON perhaps depicting the Wedding Procession of the Lamb to His Father's House rather than the birth of the Lamb of God in a Sukkah on Yom Kippur!

Shortly after it reaches Perihelion, ISON will pass through Ophiuchus, and Ophiuchus depicts Christ's Crucifixion. What's more, Yahshua's sacrificial death delivered a massive blow to Satan's Head by satisfying God's demand for Justice, which allowed God to extend His Grace to humanity, and to give each person a chance to find everlasting life, and to commune with God and find His protection and help until then. Since Scorpio and Ophiuchus depict this massive blow to Satan's plans to annihilate humanity, it seems fitting that it may also depict the second biggest blow to Satan's Head just before the Rapture occurs. Though there is no way of knowing exactly when the Rapture will happen, it could be this Chanukah, or sometime shortly thereafter.

In relation to the Son of God, it is interesting to note that the nickname of Comet C/2013 S1, which is “ISON”, can be rendered “I Son”. This is suggestive of Yahshua’s Name “I AM”, as well His roles as the Son of God and the Son of Man. So, if (and only if) Comet ISON survives its trip around our Sun, what this snapshot of the heavens on November 28th, 2013 may be showing is that the Son of Man (ISON) is soon going to come against Satan (Scorpio) on behalf of God’s people Israel. In the near future, beginning with the Sixth Seal Judgment heralding the beginning of God’s Wrath, Yahshua will punish the wicked that have repeatedly mocked and persecuted God’s people.

Fascinatingly, as was shown in the illustration of the three Comets that will be visible in Earth’s skies earlier, another new comet with the name of Comet Lovejoy (C/2013 R1) was officially discovered in line with Orion’s Belt (the 3 Crosses on Calvary) on September 9th, 2013 (9-9!). This is interesting because Orion depicts Yahshua as a Conquering King who found victory over Satan when He died for humanity’s sins on the Cross, with the three bright stars in Orion’s Belt signifying the three crosses on Calvary. Furthermore, the number 9 is connected to Chanukah by the nine branches of the special Menorah used during the Feast. Significantly, Chanukah always begins on Kislev 25, and Kislev is the 9th month on the Jewish Calendar - and the month when Yahshua was likely conceived. This is even more amazing if we note that Yahshua was born 9 months later in September of 3 BC. The number 9 is therefore connected to God’s love and mercy - even though it is also connected to Biblical Judgment in the rejection of either God the Father or His Son Yahshua.

What’s more, Comet Lovejoy will be prominent in the Constellation Ursa Major (the Good Sheep Pen) at the same time that Comet ISON is in Libra the Scales of Yahshua’s Sacrificial Love and Justice around November 23rd through 26th! Together, Comet ISON and Lovejoy therefore appear to be saying: “I, the Son, am coming as a Conquering Prince, with Love and Joy to rescue my Good Sheep from the clutches of Satan!”

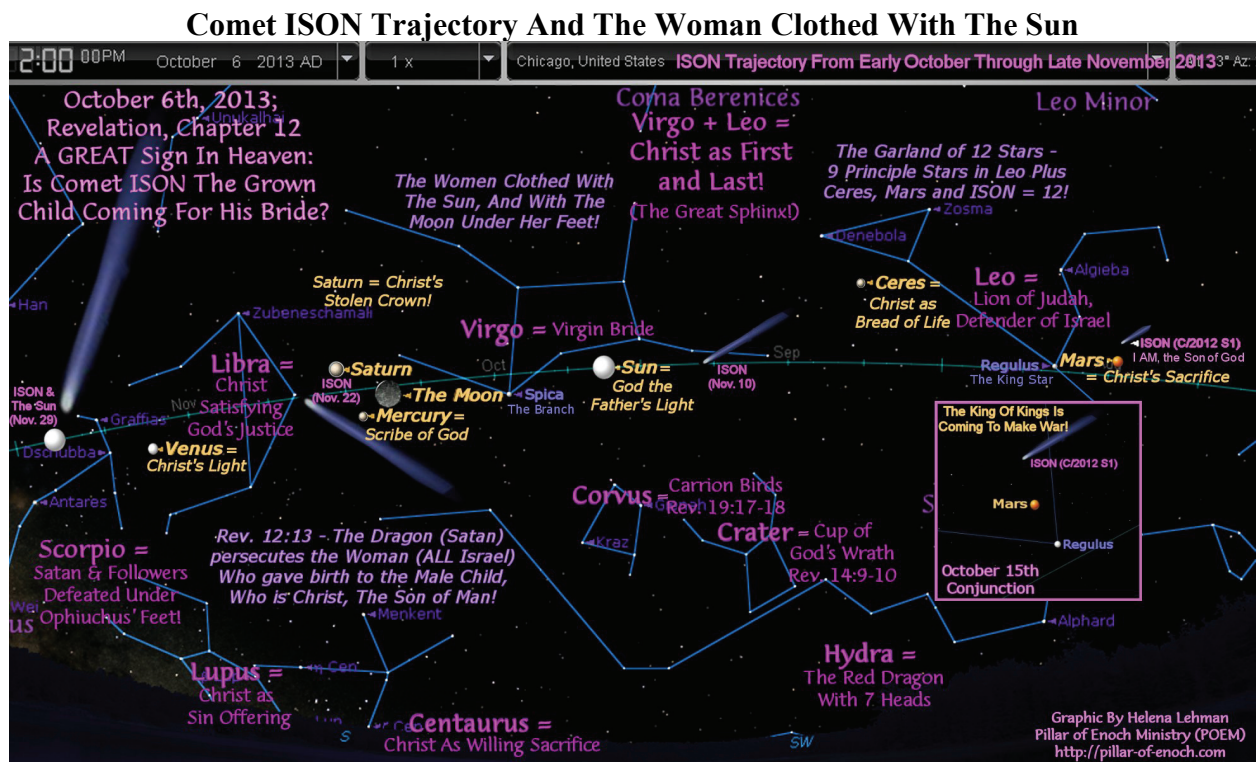

In addition to its powerful prophetic position at Perihelion, Comet ISON tells an amazing story with its trajectory. This became apparent to me when I saw how ISON stayed in Gemini for the first half of 2013. This is the Sign of Reconciliation between Warring Siblings (Ishmael and Isaac; Jacob and Esau), and also of the Betrothal and Wedding of the Lamb that ends these conflicts. Comet ISON then passed through the Beehive Cluster in Cancer in August of 2013. This is the sign of God’s sheep pen of born again believers, and the Beehive Cluster is often seen as a manger (the Bread of Life) for the two bright stars on either side of the cluster that were seen as two donkeys in ancient times.

The two bright central stars in Cancer were envisioned as two donkeys by the Jews as a visual representation of the patriarch Jacob’s death bed prophecy connecting the Tribe of Judah and Shiloh or the Messiah to two donkeys:

“The scepter shall not depart from Judah,  
Nor a lawgiver from between his feet,  
Until Shiloh comes;  
And to Him shall be the obedience of the people.  
11 Binding his donkey to the vine,  
And his donkey’s colt to the choice vine,  
He washed his garments in wine,  
And his clothes in the blood of grapes.”  
~ Genesis 49:10-11

Interestingly, this may be why Yahshua, as the promised Shiloh, rode into Jerusalem on two donkeys - a mother and its foal: "They brought the donkey and the colt, laid their clothes on them, and set Him on them" (Matthew 21:7). This may have been done in an allusion to Cancer and its connection to the Messiah. Fascinatingly, the donkeys allegorically signify Judah and Ephraim, the Two Houses of Israel, and Yahshua - as their rider - is their Master. In this way, Israel is depicted as two stubborn donkeys that eat out of the same feeding trough (the Bible and Yahshua as the Word of God), in God's Sheep Pen called Cancer or the Kingdom of God. This also shows how Israel is often working at cross-purposes to God's will, though they may be doing so unwittingly.

Next, Comet ISON passes through Leo the Lion in September 2013, and Leo is the sign alluding to Yahshua as the Lion of Judah, and the King of kings over God's Kingdom. At this point, I was very intrigued when I discovered that ISON will be nearly in conjunction with Mars in Leo on October 6th, 2013. This is interesting from a prophetic standpoint because of what will be happening in neighboring Virgo on that day. Because - in a clear allusion to Revelation Chapter 12 - the Sun will be in Virgo's body, and the New Moon will be at her feet. Here is an illustration of that Heavenly Sign in this composite graphic showing Comet ISON's position from early October through late November 2013:

Revelation 12's Woman Clothed with the Sun is connected to Virgo on the Feast of Trumpets on September 11th, 3 BC, which was around the time that Yahshua was born. Fascinatingly, ISON passes through Virgo in October of 2013, and Virgo is the sign of the Jewish Mother and Gentile Bride of Christ. As shown in my 400-page research book "[The Language of God in the Universe](#)", which goes into great detail about the godly meanings of the constellations, the first Sign of the Son of Man was apparent in the Sign of Virgo, which partially depicts Yahshua's Virgin mother Miriam.

However, Virgo signifies the Bride of Christ rather than Miriam at this time in history, and Leo now signifies Yahshua coming as the King of kings in Glory rather than humbly - as He did in September of 3 BC. That is why Virgo's appearance as the Woman Clothed with the Sun and with the Moon under her feet on October 6th, 2013 has me so excited.

Though October 6th, 2013 is not on the Feast of Trumpets, the Sun is in the body of Virgo, and the Moon is at her feet - as the graphic focusing on the heavens on that day shows, and they are in the exact same positions that they were in on September 11th, 3 BC. What's more, this sign in Virgo will occur nine days before the Comet ISON, the Red Planet Mars, and the King Star Regulus will be in conjunction in the sign of Leo on October 15th and 16th. So, if October 6th is seen as a type of the Feast of Trumpets, this would make October 16th, 2013 a symbolic Yom Kippur or the Day of Atonement.

From examining the position of the Sun in September of 3 BC, I believe that Yahshua was actually born on Yom Kippur that year. This is because the Sun representing Yahshua was in conjunction with the star Spica in Virgo on September 21st, 3 BC, and this star marks the symbolic birth canal in Virgo. Fascinatingly, the Sun will also be in conjunction with the star Spica on October 16th. Therefore, the Sign on October 6th through 16th, 2013 in Virgo may be another part of the Sign of the Son of Man that is meant to alert the Bride of Christ that her Bridegroom is coming, and the Rapture may be imminent - although it is uncertain when the Rapture will actually happen. To see how amazing this sign is, please see my newest blog article about the similarity of the signs in September of 3 BC and October of 2013 by clicking on the link below:

#### **THE WOMAN CLOTHED WITH THE SUN AND THE SIGN OF THE SON OF MAN**

<http://pillarofenoch.blogspot.com/2013/09/the-woman-clothed-with-sun-and-sign-of.html>

Now, drawing on my knowledge of Sacred Astronomy, I see this triple conjunction in Leo over the head of the constellation Hydra as an obvious allusion to our Messiah and King of kings (Leo, ISON and Regulus) coming to wage war with the Devil (Hydra, which can be seen as the Red Dragon or a large Serpent) over broken Covenants (Mars). Since Yahshua is Israel's and Judah's Kinsmen Redeemer and Avenger of Blood, Comet ISON - with its long, bright tail - can be seen as a sword of vengeance in Yahshua's mighty right hand!

From Virgo, Comet ISON will pass into Libra the Scales of Justice in November 2013. Libra is the sign of God's Justice being met by Yahshua's perfect Blood Sacrifice, which is depicted in the Sign of Ophiuchus, whose right foot is above Scorpio's head. Thus, the heavens depict the fact that Yahshua delivered a fatal blow to Satan's plans when He sacrificed Himself on the Cross to pay for our sins. At that time, Yahshua satisfied God the Father's demand for perfect justice. Because Yahshua never sinned during His mortal human walk, His blood sacrifice perfectly took away the heaviness of our sins so that we can be perfectly weighed in the balance with God's Spirit. But for those who reject Christ, there is no balance, as their sin is not blotted out by Yahshua's blood. Therefore, only judgment and damnation await them.

On November 3rd, 2013, there will be a very rare Hybrid Solar Eclipse or Sackcloth Sun in the Sign of Libra the Scales of Justice that is ripe with prophetic meaning, as seen in the preceding graphic. At the time of this eclipse, which will appear to be partial in some areas and total in others, three comets - Encke, LINEAR, and ISON - will be in the same region of the sky, although these

comets are not currently bright enough to be visible until dusk or before dawn. This is an extremely rare event, especially since the fourth comet Lovejoy will also be in a neighboring region of the sky, and **four comets in the sky at once is an unprecedented event!** At the time of the Eclipse, according to projections, Comet ISON will be the brightest comet of them all, and it will be visible near to the planet Mars - the symbol of Yahshua's Blood Sacrifice and New Covenant. Conversely, Mars can also be a sign of war when Christ's Blood Covenant with us is broken by the lost and the wicked.

### Meaning of November 3rd, 2013 Solar Eclipse in Libra

At the time of this Hybrid Eclipse, the likes of which have only happened seven times since the birth of Christ, Mars will be in the Sign of Leo, the Lion of Judah - a sign that is tied to Yahshua coming to conquer the wicked. Meanwhile, Comet Encke - a symbol of Satan usurping God's Authority - will be ominously poised as if it is about to be "born" in Virgo's belly. Could this be a sign of the full blown evil that will be born after the Rapture, just as the Sun being born in Virgo in October was a sign of the birth of the One New Man in Christ?

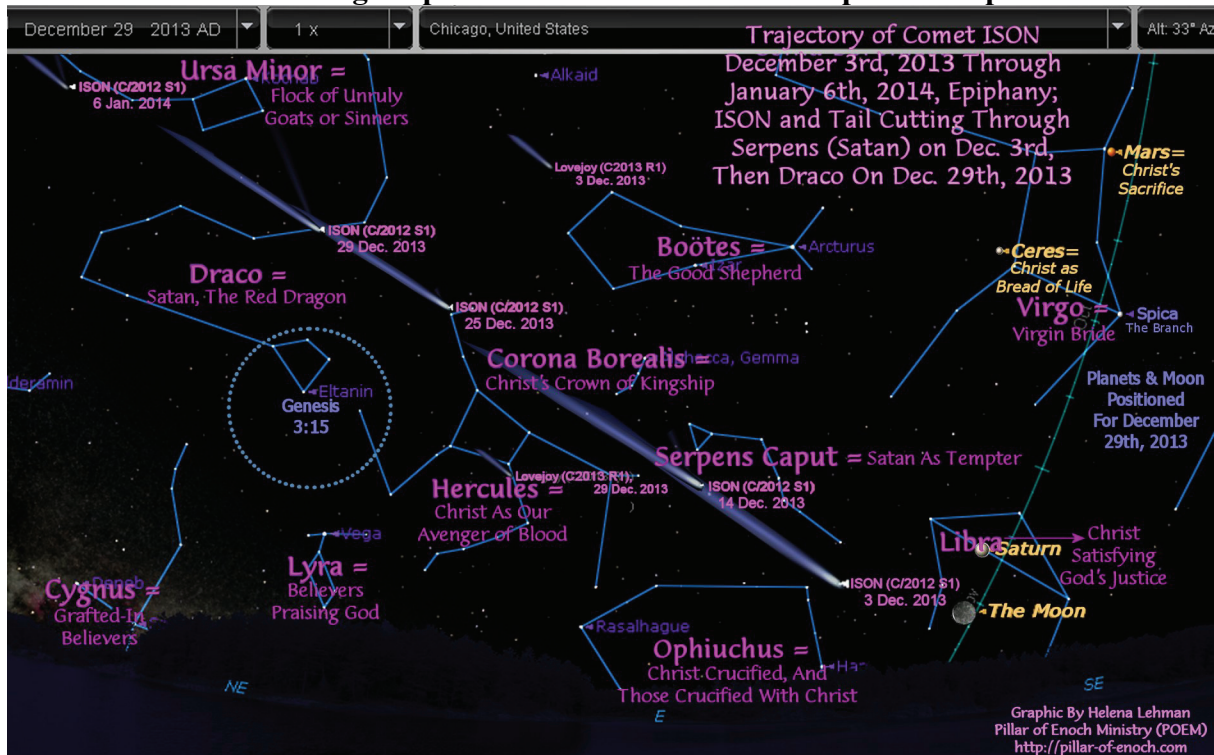

Also at the time of the eclipse, the Sun, Moon, Mercury and Saturn will be beneath Virgo's feet in Libra, the Scales of God's Mercy, Wrath and Justice. The Sun signifies God the Father as well as the Son of God and the Moon partly signifies Yahshua's Bride. But when it covers the Sun in an eclipse, it signifies those who may think they are doing God's but are actually obstructing it! Near to the Sun and Moon will be Saturn, the symbol of Yahshua's Kingship and His gifts of Peace and Rest that have been usurped temporarily by Satan. This indicates that Satan is the thief who inspires many to steal Christ's Crown and His Peace with their political and religious aspirations that oppose the reign and rule of Christ as King of kings.

Meanwhile, the planet Mercury signifies the Scribes, Prophets, Watchmen and Messengers of God who are witnessing this sign and announcing its importance. Due to what Mercury represents, its close proximity to the November 3rd Solar Eclipse indicates that this is a highly important sign, especially for the people living in the islands of the Atlantic Ocean and in central Africa, where this eclipse will be best seen. Incidentally, many believers in Yahshua in central Africa are suffering under persecution and poor living conditions due to their faith in Him.

Altogether, Comet ISON will pass through Gemini, Cancer, Leo, Virgo and Libra before it reaches Perihelion on November 28th, 2013. On that day, it will be in conjunction with our Sun (God the Father) in the head of Scorpio, the sign signifying Satan and his wicked followers on the Earth. From this, I realized that - if ISON survives its close proximity to the Sun - it may be meant to show the world that God's Son (I-SON) is coming to save His Betrothed Bride and promised Wife (Gemini and Virgo) and gather His born-again Sheep (Cancer) to bring them to the Kingdom of God in Heaven (Leo) before Judging the World (Libra) and destroying the Wicked (Scorpio) with the Power of Yahweh God's Might (the Sun)!

And this is NOT all! If Comet ISON survives, its trajectory on December 3rd through 6th, 2013 will cut through the wicked Serpent struggling against the might of the Messianic sign of Ophiuchus' arms. As such ISON will allegorically cut the constellation Serpens in half! Then, on Christmas of 2013, Comet ISON will be prominently visible in the constellation called Hercules the Strongman - along with Comet Lovejoy. Since Hercules is another allusion to Yahshua as the Mighty Man of God who conquers the wicked, these two comets in Hercules may be meant to herald the protective and defensive power of Christ's love and joy for His Bride, and the love and joy that the Bride of Christ feels toward her Bridegroom, Kinsmen Redeemer, and Avenger of Blood! Incidentally, Christmas and Chanukah are analogous to one another in God's eyes, so this is also a great potential Rapture watch period.

### ISON Cutting Serpens And Draco In Half - Composite Graphic

Then, just as it will do to the Satanic sign Serpens in early December, Comet ISON will cut through the body of Draco the Dragon on December 29th, 2013 - symbolically cutting this Dragon in half. Like Hydra, Draco depicts the Red Dragon of the Book of Revelation coming against God's people Israel. However, this allegorical cutting of Serpens and Draco in half may be a symbolic indication that Satan will lose half of his followers after the Rapture, and these newly saved multitudes will work against his schemes, or die trying! This severing in half of the heavenly serpent and dragon is therefore a powerful and hopeful sign, showing that God intends to use His Tribulation Saints on Earth represented by Ophiuchus and Hercules to give a fatal blow to Satan's plans. In fact, this severing through the most evil Signs in Heaven likely is meant to relate to the further description of events in Revelation, Chapter 12 - after the Sign of the Woman Clothed with the Sun appears:

“And war broke out in heaven: Michael and his angels fought with the dragon; and the dragon and his angels fought, 8 but they did not prevail, nor was a place found for them in heaven any longer. 9 So the great dragon was cast out, that serpent of old, called the Devil and Satan, who deceives the whole world; he was cast to the earth, and his angels were cast out with him.” - Revelation 12:7-9

The symbolic slaying of these serpents in heaven may symbolically signify this War in Heaven, and the fact that Satan is going to step up his persecution of all who side with Yahweh God after the Rapture. It also may indicate that Yahshua's servants on Earth signified by Ophiuchus and Hercules are going to do God's Will by aligning themselves against Satan's minions represented by Scorpio, Serpens and Draco. Therefore, ISON's path appears to be heralding that the Tribulation Saints don't have much longer to wait before our Father God Yahweh exposes Satan's evil plans, fully awakens the left-behind Foolish Virgins to the truth with the Rapture, and prepares to cut the unrepentant wicked off from the face of the Earth when they reject the testimony of the 144,000 and the Two Witnesses.

A month later, on January 6th, it will be Epiphany - and the official end of the 12 days of Christmas. At this time, Comet ISON is being projected to still be visible, but much fainter. It will appear in the center of the visible arm of the Milky Way Galaxy, just above Perseus the Breaker, which represents Yahshua coming to break Satan's delusions and deceptions that are being used to fool and destroy mankind.

After this, whether Comet ISON survives its visit around our Sun or not, it is likely that Earth's orbit will pass through the debris stream left by Comet's ISON's prominent coma and tail from January 12th through 15th, 2014. This may result in a spectacular meteor shower that will be seen around the world for at least three days. If there is a great deal of particle matter in this debris stream, it could even obscure the visibility of the Sun, Moon and stars during that time.

Could this be the vehicle behind the description in Isaiah 24 and Revelation Chapter 6 of the Sixth Seal Judgment Pole Shift and Crustal Displacement? I explored the connection of these prophetic scriptures with an amazing dream I had in 2011, which is also described in my POEM Blog Article: [“Yahweh God's Wrath Sent From Heaven To Earth!”](#) Click the preceding embedded link to read this dream vision on my blog. At this time, I suspect that Comet ISON may have been the celestial object I saw in that dream, which triggered a catastrophic meteor bombardment and Pole Shift. If it is, then Comet ISON will likely survive its trajectory around the Sun to fulfill its role as an End Time Sign.

In March through May of 2014, though it will no longer be visible to the naked eye, Comet ISON will continue its journey by passing through Auriga the Goatherd, the constellation alluding to

Yahshua's provision for, and love of the wayward Tribulation Saints through the worst time in human history. Significantly, the First Full Lunar Eclipse of the extremely rare 2014 - 2015 Tetrad of Blood Moons on Jewish Feasts occurs on the night of Passover - on April 15th, 2014. At that time, Comet ISON will still be in the center of the path of the Milky Way, and in line with Orion's Sword in the center of Auriga. Then, by June of 2014, ISON will return to the heavens just above the constellation Gemini, where its trajectory began.

So what does this mean for believers watching for Yahshua's return? It means that Comet ISON coupled with Comets Encke and Lovejoy very likely could be the Sign of the Son of Man that all the world will see, and which will cause the entire world to mourn just before the Rapture occurs - as described in Matthew, Chapter 24. If this is true, then the Rapture could be sometime between November 28th through December 6th, 2013, during the eight days of Chanukah, or sometime shortly after that in the days leading up to Passover Week in 2014. This would certainly be appropriate, since the Festival of Light commemorates when Yahshua was conceived, and also His discovery by the Magi.

However, as I have often noted in my other writings, in my discussion of the [prophetic measurements inside the Antechamber of the Great Pyramid](#), and in my [Revised 2013 Tribulation Timeline](#), the Rapture may be tied to sometime in the late spring and early summer, especially around the time of Pentecost or Shavuot. In particular, the Antechamber of the Pillar of Enoch suggests that Yahshua will come to fight the Battle of Armageddon ten days before Shavuot, which is exactly the same day that Yahshua ascended to Heaven 40 days after He rose from the dead!

As this article shows, the Rapture described in [Matthew, Chapter 24](#) and the Battle of Armageddon described in [Revelation, Chapter 19](#) refer to two different events that occur at different times. Therefore, the Glorious Appearing of our Messiah and Bridegroom to retrieve His Bride will not be at the same time as Christ's return with His saints to fight the Battle of Armageddon. So the connection of the Battle of Armageddon to Pentecost does not mean that the Rapture is tied to it. In fact, it suggests that it will happen sometime **before** Pentecost or Shavuot!

Before closing, I want to make it clear that I do not know when the Rapture will be. The sign of the Son of Man announces that it will be very soon, and I am confident that this Woman Clothed With The Sun surrounded by 3 Comets is that sign! So, at a guess, I would say it will be sometime this October, but God's timing is not our timing. So it could happen closer to Chanukah or Christmas, or not until around next Pentecost or Feast of Trumpets. So we need to prepare to be ready at all times. In any case, I pray that - until our beloved Messiah Yahshua comes for us - that our Father God Yahweh will bless, guide and preserve you all. Maranatha!

#### **10-30-2013 Additional Note:**

THE HEAVENS ARE DECLARING THAT IT IS TIME TO REPENT, PRAY AND PREPARE THE WAY OF YAHWEH! With four comets to soon be in the same part of the sky this November - just after the Woman Clothed with the Sun appeared in heaven this October - the heavens are positively SCREAMING that the Day of the LORD is at hand and the Rapture and SUDDEN DESTRUCTION are coming very soon! Are you ready for the greatest show of God's Mercy in the Rapture followed by the Greatest Show of His Wrath on Earth? If not, NOW IS THE TIME! DON'T DELAY! Get down on your knees and beg God's forgiveness, and accept Yahshua as your Messiah before it's too late!!
