All Four Covers for
 “The Language of God” Book Series

THE LANGUAGE OF GOD IN THE UNIVERSE

ISBN: 978-0-9759131-0-9, 450 pages, 60 black & white illustrations, bibliography, index. An in-depth examination of the divine allegorical Language that God utilizes to communicate to mankind. The Bible, the Universe, and the Zodiac are filled with parables on a giant scale. When viewed as a visual parable, the 48 constellations of the Ancient Zodiac contain many spiritual truths about Yahweh and His most beloved creation: mankind. This is why the ancient Zodiac has been called “the Gospel in the Stars.”

This book deciphers the spiritual messages of the Zodiac with Sacred Astronomy, an ancient sacred science utilized by the Magi to find Christ in Bethlehem. It also explores the spiritual messages that are allegorically hidden within the Bible, our Solar System, and upon the Earth - in various aspects of nature.

THE LANGUAGE OF GOD IN HUMANITY

ISBN: 978-0-9759131-1-6, 675 pages: Book Two shows how each person is a living parable. Using the Language of God as a key, the parables of Yahshua and biblically based festivals such as Passover, Firstfruits, Pentecost, Sukkot or Tabernacles, and Chanukah take on far deeper meanings.

The allegorical messages hidden in the rituals associated with Blood Covenant ceremonies like Marriage and Communion are also closely examined to show how they communicate the correct basis for all human

relationships. Finally, many biblical characters are examined as Pefigurations of Christ.

*“You have set signs and wonders
in Egypt, to this day.”*

- Jeremiah 32:20

THE LANGUAGE OF GOD IN HISTORY

ISBN: 978-0-9759131-2-3, 800 pages: Book Three reinterprets history and archeology within a biblical framework. It refutes the atheistic humanism behind modern archeological, scientific, and historical viewpoints. By deciphering the Language of God hidden in ancient structures, some startling conclusions are drawn concerning the spiritual teachings of the godly people before the Flood - especially the prophet Enoch. Many ancient buildings appear to have originally been designed not to worship Pagan deities, but the one true God. The pyramids of Egypt’s Old Kingdom are particularly examined as possible storehouses of antediluvian spiritual and scientific wisdom.

Next, the evil of the Nephilim is focused on as the major reason for the Great Flood. The swift Post-Flood devolution of mankind into

sin is also explored - as Noah and Shem’s righteous witness were forgotten, paganism spread across the globe, and Yahweh’s truths were gradually perverted – just as they had been prior to the Flood. Finally, the rise and fall of ancient Israel, their migrations in the Diaspora, and the re-immergence of Israel in modern times is discussed in preparation for the study of biblical prophecy in Book 4

THE LANGUAGE OF GOD IN PROPHECY

ISBN: 978-0-9759131-3-0, 810 pages: This explosive new collection of prophetic interpretations is sure to enlighten all students of biblical prophecy. Ezekiel, Daniel, the Psalms, and Revelation are explored to disclose the End-Time roles of many nations - especially the United States, the United Kingdom, and modern Israel.

The beliefs and prophecies of many ancient cultures are also examined, including the prophetic knowledge apparently hidden in the Great Pyramid and Great Sphinx - two structures likely built by Seth’s righteous descendents. These architectural wonders may show that some antediluvians knew the Gospel - and the date of Christ’s return to set up His Kingdom on Earth!
